

Achim Velte

Pen retailer Paradise Pen introduces the Art Déco Rosé Gold Wave by Achim Velte, produced in Germany exclusively for Paradise Pen. The new Achim Velte line represents the quality and technical precision expected from a German brand with stylish design features from the Art Deco movement of the early twentieth century. Hand-turned from ebony resin, the Art Déco Rosé Gold Wave features a rose gold-plated band encompassing the cap with a delicate etched wave pattern reminiscent of the Art Deco period. Two stainless steel rings bordering the wave band add symmetry and elegance. Achim Velte's Art Deco-style logo embellishes the rhodium-plated solid brass alloy clip. The Art Déco Rosé Gold Wave is available in ballpoint, rollerball and fountain pen with a medium duo-toned, rose gold-plated nib with iridium grain. Achim Velte pens carry a lifetime warranty. Reviews from Paradise Pen customers indicate that Achim Velte's Art Déco line provides a smooth and pleasurable writing experience.
